

**TURN YOUR DREAM INTO A REALITY
AND ENROL IN OUR ZOO CUBS OR
JUNIOR ZOO KEEPER PROGRAMME
TO DISCOVER WHAT IT'S LIKE TO
BE A ZOO KEEPER**

Our programmes give young people a chance to experience our exotic and indigenous wildlife up close and personal, whilst learning to provide for their physical and behavioural needs in captivity.

Classes are facilitated by a registered teacher and/or Zoo Operations Manager. They are targeted towards having fun, whilst building an understanding of animal needs in the wild and in captivity, and introducing the sciences of zoology and animal behaviour.

As hazards exist within the zoo, participants will need to follow safety regulations carefully.

Courses run each school holidays and during weekends mid term and dates will be advised on enquiry.

To make the most of the experience, our group sizes are kept small and spaces can fill quickly. Please send in the form overleaf to apply now.

OPEN EVERY DAY 9AM – 5PM

Franklin Zoo & Wildlife Sanctuary
83 Ridge Road
Tuakau RD 4
Auckland 2694

T: 09 236 8686

**ZOO CUBS and
JUNIOR ZOO
KEEPER
PROGRAMMES**

*To enrol, please complete
application form overleaf*

Children between the ages of 8 and 11 can take part in a half-day programme. This provides a general introduction to the principles of modern day zoo keeping and related zoo work.

Topics include:

- Animal diet preparation and feeding
- Biology and animal classification
- Conservation, breeding programmes and education
- Enclosure design
- Environmental enrichment

Cost: \$50.00 includes morning tea

If you are between 12 and 17 years of age, we provide a two day programme which is a more detailed and intensive introduction to the zoo profession. It entails a mixture of hands on practical activities and challenges, along with study and research projects. Our aim is to encourage problem solving, discussion and team work.

Topics include:

- Modern zoo principles and philosophy
- Animal diet preparation and feeding
- Biology and animal classification
- Conservation, breeding programmes and education
- Enclosure design
- Environmental enrichment
- Basic animal behaviour observations and study
- The role of veterinary science in the zoo
- Future tertiary study options

All participants of the two day course qualify with a Junior Zoo Keeper certificate and the opportunity to enroll as a junior zoo volunteer.

Cost \$225 includes morning and afternoon tea. Please bring your own lunch
